Successful Proposals under 3rd Call for Proposal - 2024 and Special Call – 2024

We are pleased to announce the results our recent funding round-3rd Call for Proposal and Special Call - 2024. Over 50 high-quality research projects were submitted by distinguished researchers from renowned research centers and national institutes. After thorough independent reviews by expert panels, we have selected the following projects that will receive financial support from CDRC:

1. **Raji Rajesh Lenin**
RM Medical College Hospital and RC, SRM IST, Kattankulathur, Chennai
Title: Targeted Drug Delivery of the Repurposed Tauroursodeoxycholic Acid for Treating Diabetic Retinopathy
2. **Dr. Mayank Goswami**
IIT Roorkee
Title: Development of Low-Cost, Portable, Non-Invasive, and Radiation-Free EUT (EIT, Ultrasound, and Thermography) Jacket for Breast Cancer Detection
We congratulate the successful applicants and look forward to the significant contributions their research will make to the field.

Next Steps:

-All recipients will be contacted individually with further details regarding the funding process, timelines, and any necessary documentation.

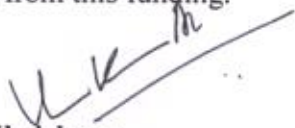

-For any inquiries or clarifications, please reach out to [Dr Shital Manekar/cdrc@cdi.org.in]

We would like to extend our sincere thanks to all applicants for their time, effort, and passion in submitting proposals. The selection process was highly competitive, and we were overwhelmed by the quality and innovation demonstrated across the board.

For those who were not selected, we encourage you to continue pursuing your important work and invite you to stay engaged with us for future funding opportunities.

The next Call for Proposals will be announced in June-July 2025. Please visit our website www.chellaramresearch.org for regular updates.

Thank you once again for your participation, and we look forward to seeing the impactful work that will result from this funding.
